

## MOLD AND MILDEW RESISTANT COATING

Up to 6 Months Protection

- Achieve instant, fragrance-free freshness
- Prohibits growth of stain & odor causing mold, mildew and bacteria
- Protect surfaces from future odor penetration
- Non-Toxic
- Will not degrade or discolor surfaces

### Directions for Use:

DO NOT DILUTE. Proper surface preparation is critical for product performance. Surfaces must be clean and free of dirt & debris prior to application. **If mold, moss or mildew is visible or suspected**, disinfect surfaces with an approved disinfectant. Disinfectant must be DRY before applying Odor Guard.

**USE ONLY AS DIRECTED:** Thoroughly coat surfaces using a spray applicator. Allow to air dry. For best adhesion, electrostatic application is strongly recommended. Safe for use on painted or unpainted walls, ceilings, woodwork, doors, plaster, sheetrock, concrete and other interior surfaces not harmed by water. Dries clear. Test in inconspicuous area first.

**Disposal:** Recycle empty container or dispose of appropriately. **Storage:** Store out of direct sunlight. Do not allow product to freeze. Once opened, product can be stored for up to 12 months. Store out of reach of children & pets.

**Coverage:** 1-gallon coats up to 2500 sq ft of non-porous surface area. Actual coverage may vary based on surface porosity. To form an adequate protective coating, surfaces must be thoroughly covered. Allow to air dry. Follow all local rules and regulations for personal protection equipment. Undisturbed coating will remain in place for up to six months. Reapply Odor Guard sooner if surface has been abraded or exposed to heavy smoke or debris.

**Important:** This product does not protect users or others against pathogenic microorganisms.

**CAUTION:** May cause slight eye irritation. Do not ingest. For sensitive skin, use gloves.

**First Aid:** Avoid contact with eyes. If eye irritation occurs, rinse for several minutes or until discomfort subsides. If swallowed, contact poison control.

**Ingredients:** Proprietary mineral blend, quaternary ammonia, water.
